## TAMMANY FEARS TO LOSE BRONX COUNTY

Eugene McGuire Is Trying to Set Up a Separate Political Organization.

MURPHY WANTS CONTROL

Says Tammany Put Through the New County Bill and Should Retain Rule.

Charles F Murphy and his advisors 6 n Tammany Hall are disturbed by the deGuire outbreak in The Bronx against pe organization. They don't know what McGuire outbreak in The Bronx against the outcome of the disaffection will be, situation is very acute

The Bronz, with its four Assembly districts and its rapidly growing population, is a region which Murphy doesn't want to have slip out of his power. Furthermore the new county bill, which Mr. Murply says he was largely instrumental in getting through the Legislature, will 3 create many new and rich jobs which ought to go, he thinks, into the hands which fostered them.

With the first of the year The Bronx will be set apart from the county of New York and as far as county govern-ment is concerned will be self-controlled. Mr. Murphy thinks it would not do to have the new county break away from the New York organization.

But there is another reason besides that of partitioning jobs which is having consideration in Fourteenth street. Mr. Murphy believes that The Bronx government is going to be expensive-much more expensive than when its affairs were administered from City Hall Park with those of Manhattan. The burden of criticism which is bound to develop will be levelled at the men who put through the new county plan; in other words at Tammany Hall, Mr. Murphy says.

If a hostile organization has the spending of county money it will get all the credit and very little of the blame. The defence can be set up, Mr. Murphy thinks.
that whatever additional expenses arise are owing to the separate form of government and Tammany will be the sufferer. With the control left in the hands of the organization the credit will offset the

Eug ne McGuire, the aspirant for county chairman, wants to set up a separate county organization, just as Brooklyn has its own Democratic organization.

Murphy thinks that such an organization would centralize criticism and be the target for reproach as soon as the people

of government is an added expense. McGuire on his side argues that the new county of The Bronx would be domfunited by Tannany Hall unless it has its own organization. He can't see the argument about the expense of the system and is willing to take a chance. McGuire has with him in his fight against Murrhy the two leaders from the Thirty-second District, Thomas the Thirty-second District, Thomas
O'Neill and Philip Humphries. Stephen
Nugent, who leads the Thirty-fearth district as the personal representative of
Arthur Murphy, the former leader, has
not declared himself definitely on one
side or the other. Michael J. Garvin,
lender of the Thirty-hird, and Elsworth
J. Henly of the Thirty-hifth are said to
be senses. McGuira

to call a meeting of the county committee, which McGuire would have a chance to EACH TO HAVE A MARKET

Cooperative Plan Will Require mittee until fail. Postponements have succeeded postponements and nothing has been done to perfect the organization. In the meantime contests of leadership have developed. Stephen B. Ayers wants to be leader of the Thirty-fifth. He has the backing of William E. Morris, the former leader. Many factions have arisen against Elsworth Healy, the present leader, but liealy's friends say that he has a hold on the leadership because he has proved himself to be a good job getter.

Cooperative Plan Will Require \$10,000,000 Capital,

Secretary Sa's.

The legislative programme of the New York State Markets League, organized to reduce the high cost of living, has been completed. Now the league is organizing a propagandist committee to take up

Nainsook. Value 75c. Union Suits at \$2.00 of medium weight Pure Linen; very cool for summer wear.

Special attention is directed to our complete stocks of high grade Men's Furnishing Goods of all kinds.

James McCutcheon & Co., 5th Ave., 33d & 34th Sts.

X--------X

YES, Sir, we counted 50,836 shirts in the Men's Store and in our stockrooms. Even we who naturally knew we had a large stock of men's shirts to meet the large demand were surprised.

Do you think that, with a stock of over 50,000 shirts of various prices, patterns and materials to choose from, any man could fail to find exactly the shirt he wants?

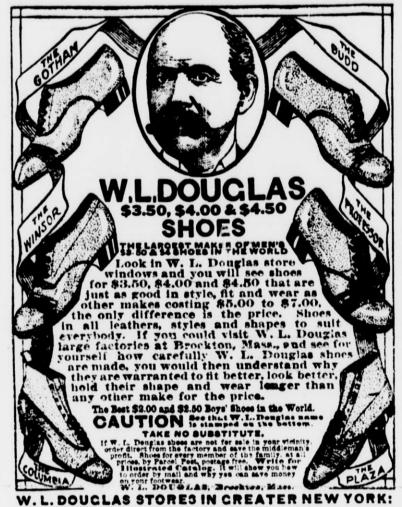

Last year we sold nearly half a million shirts. Last January over 14,000 in one day.

A shirt store with a business of this magnitude naturally is enabled to command the best at the price from the manufacturer.

With 50,836 shirts to choose from, which are the best at the price, is there any wonder that Wanamaker's does a larger shirt business than any other store? Burlington Arcade floor, New Building.
